

Seven Stones:

Team Formation Rules:

- Total number of players in a team - 7 + 1
- There should be players from three different batches or two batches (if the team consists of a girl player)

Game Rules:

- Maximum 2 chances of throwing (girls have 3 chances).
- Catching team player can only catch with **one hand** (girls can use both their hands).
- Catcher should change with each thrower.
- Team **A** - Attacking Team and Team **B** - Defending Team
 - A destroys the pile of stones, A will try to rearrange the stones within **90 seconds**. B will try to stop them from doing so
 - At a time, only one player of Team A is allowed in the inner circle for rearrangement of stones and maximum 3 players of Team B are allowed in the square but outside the circle.
 - Team B has to score out 3 players (4 in case of at least 1 girl in team) to gain 2 points. If time runs out without arranging the stone, Team B gets 1 point.
 - After rearrangement of stones, player of Team A should shout 'SATOLIYA' loud and clear while tracing a circle around the pile then it gets 2 points. If player of Team A shouts '**SATOLIYA**' without completing the pile in any way, Team B scores one point.
- Whole team is considered to be out if opponent catches the ball that hits the stones (at least one stone should fall out) and the catching team gets 1 point.
- **Underarm** throwing is **not** allowed.
- Breaking any of the rules will be counted as a foul.
- Refrees decision will be last.
