

7 Stones

Team Formation Rules

1. Total number of players in a team - 7 + 1
2. There should be players from three different batches or two batches (if the team consists of a girl player)

Game Rules

1. Maximum 2 chances of throwing (girls have 3 chances)
2. Catching team player can only catch with **one hand** (girls can use both their hands)
3. Catcher should change with each thrower.
4. Team **A** - Attacking Team and Team **B** - Defending Team
 - a. A destroys the pile of stones, A will try to rearrange the stones within **90 seconds**. B will try to stop them from doing so
 - b. At a time, only one player of Team A is allowed in the inner circle for rearrangement of stones and maximum 3 players of Team B are allowed in the square but outside the circle
 - c. Team B has to score out 3 players (4 in case of at least 1 girl in team) to gain 2 points. If time runs out without arranging the stone, Team B gets 1 point.
 - d. After rearrangement of stones, player of Team A should shout 'SATOLIYA' loud and clear while tracing a circle around the pile then it gets 2 points. If player of

Team A shouts '**SATOLIYA**' without completing the pile in any way, Team B scores one point.

5. Whole team is considered to be out if opponent catches the ball that hits the stones (at least one stone should fall out) and the catching team gets 1 point
6. **Underarm** throwing is **not** allowed
7. Breaking any of the rules will be counted as a foul.
